NOVEMBER 2001

NUMBER 11

WASHINGTON

MARYLAND

VIRGINIA

## Fellow Potomac Valley Skiers:

Thanksgiving season is coming soon. However an ongoing privilege of PVSers is continuous Thanksgiving. Thanks currently to three ex-presidents and an ex-Excomer for the October meetings: Janet and Bob Marx and Liz and Serge Triau--meetings with enchanting Halloween decor and delectable menus. And this appreciation extends to our current ski club activity calendar of inviting events--hiking, skating, biking and sightseeing tours in our city as it is, plus a black-tie dining evening--all events that beckon the membership. For all these our ski caps are off to Bill Anderson, George Hicho, Betty Byrne, Marvin Hass, Betty Lawrence, Barbara and Fred Leonhardt, Nancy and Ray McKinley, Marilyn and Jim Panagopolous, Terry and Ham Morton, and Bette Walker.

Now, back to standard time and thoughts of that "good kind of white powder." Get prepared to pack!

Appreciation longstanding from the past for Bob Wyckoff's contributions as an impressive nineteen-trip leader and member. Margaret, you have our sympathy for our mutual loss.

  
Ned Flaherty  
President XXIV

Members were able to stroll for a mile from Betty's new apartment down to the Potomac through a dedicated nature reserve.

### OKAY, IT WAS ME!

Your TOOT editor, not President Ned Flaherty, who said that the Dillons had produced "barbecued ribs when there were none available in the local markets." Of course, crabs were what was meant--but in typing, "ribs" just seemed to automatically put themselves after the word "barbecued." And the Prexy wasn't a bit crabby about the mistake.

Twenty three sanctioned trips are listed. Approximately 70 people are now looking at the site each day. ## Ski Area Survey From Membership Renewals

Less than half of the PVSers filled in the three places on the renewal form, and some only filled in two. The data below indicates that club members like Steamboat and Snowmass. The big surprise was that nobody listed the number one place in the east, and Mt. Sutton did not get a single vote. The small number of Canadian ski areas chosen was lower than anticipated as the favorable exchange rate makes skiing in Canada a bargain. The favorable exchange rate of the dollar to the Euro resulted in a strong vote for Europe, but no place got more than one vote. Colorado continues to be the favorite ski state followed by Utah, Montana, California, Idaho, Wyoming, N. Mexico, Oregon, Maryland and Arizona. Some people listed towns, states, and countries instead of ski areas. Results as reported on the renewal forms are as follows:

### Colorado 59

Keystone 2	Aspen 2	Crested Butte 5	Colorado 5
Snowmass 12	Durango 1	Copper 2	Vail 8
Steamboat 13	Winter Park 1	Beaver Creek 2	Telluride 6

### Utah 17

Deer Valley 2	Snowbird 1	West 1	Utah 3
Park City 4	Rockies 1	Salt Lake City 3	Canyons 2

### Montana 9

### California 8

<u>Idaho 5</u>	<u>Wyoming 4</u>	<u>New Mexico 2</u>
Sun Valley 5	Jackson Hole 4	Taos 2

<u>Oregon 1</u>	<u>Maryland 1</u>	<u>Arizona 1</u>
Mt. Bachelor 1	Wisp 1	Flagstaff

### Canada 9

\*\*\*PAST EVENTS\*\*\*

**...AT LEAST IT WASN'T ICE!**

As each group of PVSers arrived for the October monthly meeting at the Marxes, they insisted theirs had been the most miserable trip through the rain. What should have taken 30 minutes, turned into a two-hour disaster was a frequent complaint. Some even insisted they were not going out into the terrible weather again but would just bunk down with the hosts. **BUT THEN**--grumbles turned to smiles as members tore into the delicious repast--sandwiches and salads galore, ending with assorted kinds of cheese cake PLUS two huge other cakes. And the happy Halloween decorations added to the festive fun. Jan even had a tree (similar to the Christmas kind) hung with many orange pumpkins and bright lights.

Because of the weather, the turnout was smaller than usual, leaving large quantities of food untouched (tho we did our best!) but Jan had a number of good causes to use the rest.

Especially warm thanks to the Marxes for their gracious hosting on a bad night--and for the fun preview of the Halloween to come.

**☆ A most beautiful fall hike ☺ (KF)**

*I would be hard to find a nicer day and a better place for a short hike than the grounds around Betty Lawrence's new condo at Leisure World at Landsdowne, Virginia. All twelve of us were warmed up with mimosas and munchies before we started through the woods and across the golf course down toward the Potomac, a mile and a half we were told. The river was really there even if we could not see it through the leaves from Betty's windows high up. On the return trip we were creative and went in different ways such as over rocks a la Billy Goat, around the large buildings, or just the straight and easier way through the woods.*

*We felt we had earned our lunch of pizza, salad, and apple pie as we settled down in comfort and talked while enjoying the beautiful view or watching football on TV.*

*Thanks Betty for continuing to be so hospitable to PVS.*

**NOTE: Lu Beale and Jan Marx have been named PVS historians. If you have any items you think should be saved for the club, please send or give them to Lu or Jan.**

**TOUR OF THE GEORGE WASHINGTON  
MASONIC NATIONAL MEMORIAL**

Bill Anderson planned and organized this pleasant day, starting with a tour of the Masonic National Memorial in Alexandria, and ending with lunch at Potowmack Landing Restaurant at the sailing marina along the George Washington Parkway. Twelve PVSers toured most of the nine floors of the 330-foot tall memorial, viewing a 17-foot bronze statue of Washington, 12 dioramas depicting highlights in the life of Washington, various personal effects and portraits of Washington, a model of the throne room of King Solomon's temple, and the beautiful medieval Knights' Templar chapel.

Highlights were the spectacular views from the outdoor terrace on the ninth floor and an operating model of a Shriners' Parade featuring over 1000 pieces, including elephants, camels, asses and other related items. We were joined for lunch by guests of Ruth Powers, and enjoyed a quiet lunch as there were few takeoffs from National Airport going over.

Thanks, Bill, for a great day!

....Sheldon Drews

**ANNUAL FRANK SHELBURNE HIKE AND LUNCH**

No doubt Frank Shelburne was with us in spirit on Thursday, October 11 as George Hicho led some 20 PVSers around Clopper Lake on the third annual Frank Shelburne Memorial Hike. It was a beautiful fall day, perfect for hiking. Several people arrived late due to the complexities of the Seneca Creek State Park's road system, but with the help of Barbara Leonhardt's mobile phone system, everyone was able to rendezvous by the end of the hike.

Afterward, all adjourned to the Cafe Mileto in a nearby shopping center where we were joined by several non-hikers, including President Ned Flaherty and Charles Huggins. Everyone ate heartily, particularly of the mussels which seem to be a Cafe Mileto speciality. \

Many thanks are due George for organizing this fine event, and especially for arranging such lovely weather.

**IN MEMORIAM: ROBERT LLOYD WYCKOFF**

**September 1, 1920 – October 21, 2001**

**Bob Wyckoff, a longtime PVS member, passed away after a many years of home care by his wife, peacefully in his home in Silver Spring.**

**He joined the Ski Club of Washington DC in 1959. He met his wife, Margaret, in Paris on a ski trip to Europe with the Pennsylvania Ski Federation. He joined the Potomac Valley Ski Club and led many trips to Europe from 1954 to 1989 first, with the Pennsylvania Ski Federation and then starting in 1970 with PVS. He held board positions in both the SCWDC and PVS Not only has he hosted trips abroad, he also welcomed PVSers in his home for at least ten Octoberfests, countless Pre and Apre-Ski Trip parties and always had a great slide show.**

**Bob always enjoyed public speaking and was a graduate from Dale Carnegie and a member of the Toastmasters. After retiring as an engineer from the Department of Defense, he provided volunteer support for the National Handicapped Sports Foundation. He was a loyal member of the Church of the Pilgrims for 45 years.**

**Bob is survived by his wife, Margaret, of 40 years, his daughter Patricia, son-in-law James, and his grandchildren Christine (7) and Justin (4).**

# THE ANKLE

*Since no one can replace Ray, this column has been lowered, demoted to the ANKLE.*

*Bill (the ANKLE) Anderson*

Henry Beard & Roy McKie's Ski Dictionary for Bunny Slopes, Schusses & Apres Ski defines Skiing as the Art of Going Broke while Rapidly going nowhere at Great Personal Risk. This is not true of PVS's as they are constantly on the move.

Ray & Nancy McKinley are presently "skiing" Provence, Greece and Turkey.

Don & Pat Cope fled to Italy five days after the terrorist attack on America. They were overwhelmed at the outpouring of the affection shown to them by the Italians. Don & Pat observed hundreds of American Flags displayed throughout the cities and villages. Old Glory was proudly waving from the Ponte Vecchio Bridge in Florence.

Alice Swalm & Jacques Hadler also had a wonderful sojourn in Italy, enjoying great food and those beautiful Italian Blue Skies. Bella Vista.

John Smith & Pat Tengel recently returned from a grand tour of Scandinavia.

Bette Walker spent the month of August in Provence. She is eager to return to renew a new acquaintance?

Jessma Blockwick stood in line for over 4 ½ hours at Denver's Airport for her return flight to Washington. United distributed candy to those in line and once aboard Jessma received a free glass of wine.

Sheldon Drews flew to Oregon to inspect daughter Dina's newly acquired 20-acre vineyard. Well, it will be a vineyard after Dina chops down all the cherry trees. Sheldon can't wait to stomp on the grapes with his new ski boots! Speaking of trees, Rosalie Cicotelli had her trees trimmed; she was tired of raking leaves. The downside: she had to purchase window coverings to keep nosy neighbors from spying on her. Only cost \$1,150! Lu Beale had a huge tree removed from her yard after a freak storm blew a large portion into her neighbor's yard. Only cost \$3,100! Ham & Terry Morton had a Tulip Poplar tree removed from their garden. Only cost \$3,800. Bill Anderson removed an (a)corn from his ankle at the cost of a Dr.Scholl's corn pad. Cost only \$1.25.

Congratulations to Bob Marx. He received the Lifetime Achievement Award from the Minnesota Consortium for his contributions to the Geographic Sciences.

*From the Knee to the Ankle*

Jan & Bob's son Brian was awarded five ribbons, including "best of show," for four woodworking items he submitted to the Virginia State Fair: one jewelry box and three character carvings.

Joanie Flake didn't make the G. Washington Memorial Tour as she was at Sibley Hospital giving Dick Clark moral support while Marilyn was undergoing "t"foot surgery. Marilyn, please stay out of the Conga Line and get well, soon!

Now, we know why Bob McNeill loves Ski Liberty. He has suffered acrophobia since his teens.

Karen Felker sang with the Metropolitan Chorus at the gala opening concert of the N.Va. College. They were joined by several choral groups as well as the US Army Band Herald Trumpets.

Next time you see Lu Beale, ask her for the time. Yes, Lu has a "talking-hearing" watch.

Bill Anderson had his first car accident after 56 years of driving (everyone crazy). He was on his way to church. Is there a message here somewhere? Some candy corn to anyone who knows the name of the vampire on his license plate that caused his accident? Happy late Halloween!

It was good seeing "P" Bing Poon at the October meeting. Bing moved to Mercersburg, Pa., after retirement. He moved there to be near Whitetale Ski area. Also, Pa., does not tax annuity dollars.

Bob Knopes was also at the October meeting. Bob's family are making plans to spend Christmas skiing in the Austrian Alps. What a great way to spend Christmas.

As this column is coming to a close, I hereby declare that the ANKLE is not responsible for its contents. All names and places named herein are purely fictional and any similarity to living persons or places is entirely on purpose.
