PAST EVENTS

BILLY GOATS ON PARADE

On Sunday, April 16th, eighteen PVSers met at Old Angler's parking lot in Potomac, Maryland, for the annual Billy Goat trail hike, postponed from the day before because of heavy rain on the scheduled day.

After a last minute pep talk by leader Lu Beale the group set out with Bob Marx as point man and Jan Marx and Gail Pease as sweeps. The hike proceeded apace, all participants being experienced Billy Goaters and old hands at negotiating the cliffs and crannies where only 4-legged billy goats are wont to roam.

After conquering the trail's most formidable challenges, the group perched on rocks above the river to enjoy a well-earned picnic lunch before straggling on to the tow path and trail's end. Here the group split. Half elected to return straighway to the cars. The others made a side trip to Great Falls before taking a longer, more circuitous trek via the Gold Mine trail back to the cars.

But even this wasn't enough for these hardy ones. Being thirsty and still somewhat energetic, they caravaned 6 miles to Glen Echo Park where they sated parched throats at a local tavern and finally ended the day with a stroll down memory lane - exploring the crumbling ruins of Glen Echo's better days.

ANNUAL MEETING

On Tuesday April 18th, for the 24th time, the membership of PVS convened for its annual meeting. This time the setting was at Adele Waggaman's spacious home in Bethesda where more than 60 guests circulated in the living room, porch and, especially, the dining room around a table laden with an assortment of goodies.

After an hour of socializing, President Jan Marx called the meeting to order and necessary business matters were addressed. Program Chairman Ray McKinley recited a list of upcoming PVS events notable for the extraordinary variety of offerings. Treasurer Margaret Wyckoff reported on the state of the treasury which hovering around \$2,000. remains more or less stable.

Membership Chairperson Marilyn Clark presented three applicants for club membership - Maryse Delevaux, John Smith and Pat Tengel. All were accepted without opposition. Pres Jan presented the

nominees for club president ( Dick Comerford) and excom (Bill Anderson, Myra Evans, and Dina Taylor), all of whom were elected.

Finally, the proposed changes in the club bylaws concerning membership requirements and biennial payment of dues, were outlined and, after some discussion, agreed upon.

The meeting ended with Presidential Awards to Ray McKinley and Lu Beale for their years of service to the club. The awards, conceived and crafted by the president herself, were hand painted sweat shirts depicting the ski club careers of the surprised and delighted recipients.

Closing the meeting, new excomer Bill Anderson presented the president with a certificate for meritorious service to the club during her tenure. A movie (Colorado, USA ) followed and then it was time to go.

Many thanks to Adele for her hospitality and to Jan for a job well done.

ON FEBRUARY 19th 1989, 17 SKIERS INCLUDING PVSers CHARLES HUGGINS, JOHN SMITH, PAT TENGEL AND LEADER JACK PEOPLES, ARRIVED AT THE BANFF SPRINGS HOTEL FOR A WEEK OF CANADIAN SKIING. FOLLOWING IS A REPORT BY CHARLES HUGGINS OF THEIR ADVENTURES:

Once in the hotel, our leader managed to trade his room for a colossal one on the sixth floor. With the help of his old buddy, Charles Huggins, they quickly located the liquor store in town and stocked the refrigerator in Jack's room with beer and wine. Jack's place then served as happy hour before supper for all the skiers on their return from the ski areas. It was amazing — the ski stories which took place during happy hour, and that the skiers had all survived to tell.

The skiers skied Nakiska, Lake Louise, and Sunshine Village. The snow at Nakiska was hard packed and very disappointing that the management did not use their snow-making equipment to make some powder. The trails were very wide and would have been excellent for fast cruising if they had had some powder on them. The facilities at Nakiska were all new and certainly well planned for skiers. Lake Louise made snow every day on trails which had heavy use. This is Canada's largest ski area. The summit of the highest peak was reached by a J bar and this proved very exciting from the top. Most of the trails dropped off to the other side of the mountain and all were extremely steep. The top was usually under cloud cover much of the day. Sunshine Village was the favorite ski area of all the skiers. The main ski area was reached after a twelve minute gondola ride up the mountain. At the top of the gondola, several chair lifts fan shaped out to the tops of the mountains. The snow was light fluffy powder, and mother nature even helped with several inches of fresh powder. Even the moguls were the soft variety, and everybody had a great time skiing them.

Our leader pulled off another surprise as he managed to rent a bus and get all the skiers a tour of Chateau Lake Louise after skiing on Thursday. The tour through the hotel was simply great. Some of the skiers even managed a short sleigh ride around Lake Louise, and others walked on the ice and viewed the ice castle in front of the hotel. A great deal of expansion is going on at Chateau Lake Louise, and this hotel will be nearly as large as the Banff Springs when the expansion is finished.

When a couple of young Japanese girls showed up at the wine and cheese party at the Banff Springs hotel, we discovered another thing about our leader. The girls spoke no English and most of the skiers tried to communicate with them. Jack spoke to them in Japanese, and we were surprised to learn that he had served in the occupational army in Japan and had remembered some of his Japanese.

The skiing was simply great, the cold Alaskan air had disappeared, the food was excellent, the scenery was magnificent, and Jack had again run a super trip doing some things that only he can accomplish on a ski trip.

What could be brighter than a day in May - particularly one that will have the horses running, the boats steaming, the bicycles spinning and balloons floating. DERBY DAY combines all the above with fine Southern eating. Parties usually begin with that old Southern favorite -

## THE KNEE

by

Ray McKinley

The lusty month of May is upon us and, in celebration, I may have some interesting items.

Good news: Jury Verdict Research, Inc. reports that skiers made up only 23% of injury related lawsuits in the past 3 years- the lowest of any sport (runners made up 88%, golfers 69%). This is primarily due to the injury waivers that accompany most lift tickets.

More good news: National Public Radio recently reported that, for the first time, Colorado is criminally prosecuting two cases involving reckless skiers injuring others on the slopes. They could get jail sentences.

Why is it good news? Fewer lawsuits and greater safety will result in lower liability insurance and eventually lower lift prices. Right on!

(And you thought this column was only funknee. That's my redeeming "social value" section!

More uplifting thoughts: In its 23 years of operation, the train at Jackson Hole has covered 355,000 miles - a distance one and a half times that from the earth to the moon.

Someone said "Ski Canada" and Charlie Huggins did. This season he skied 10 areas in 3 Canadian provinces: several in the Mont Sutton area and Banff with Jack Peoples and ending up at Whistler and Blackcomb with Norm Engleman.

While at Blackcomb, Norm had the opportunity to ski with Olympian 1968 Canadian gold and silver medalist Nancy Green. Others in the group were green with envy.

Ubiquitous PVS: While skiing at Snowmass Easter, I ran into (almost literally) Roy and Malda Elrod skiing with Ex-PVSers the Von Northwicks - and their son who was skiing topless with blue hair. Strange things do happen on a sunny Easter day.

Two days later, while lunching at the top of Aspen Mt. with the Fruchts we found ourselves sitting next to Charlotte Eddy's daughter Charlotte

and husband Nikki. They were visiting from Germany and skiing for the first time in the west.

On arriving home, I had a post card from the Elrods from Jackson Hole noting they were heading for Aspen. The Knee also had an anonkneemous Easter card signed "from the Easter Bunny". Thanks, Aina. Pretty skneeky!

I'm not saying who, but I was virtually attacked by a female club member recently who declared she was a kneephomaniac! Right on!

Dick and Marilyn Clark's new addition to their house will end up costing more than the house originally did some years ago.

A purely personal tip of the ole Knee Cap to late President (I mean ex-president) Jan Marx who presented the Knee with a wonderful, hand-painted 10th Ankneversarknee sweat shirt. It even has my logo - in color- no less- on the sleeve. Guess that makes it a designkeer shirt.

I've discovered another fundamental truth of the skiing universe: The wind, always blows in your face on a chair lift.

While many of us were skiing at Easter, the Flakes were in Key West taking wind surfing lessons. They will be ready for their PVS July beach party. As will Charlie Farwell who took similar lessons last fall.

Bing Poon cancelled a ski trip to Alta early this season when he heard they had a 205 cm base and his skis were only 225 cm long!

Betty Comerford really wanted to hike the Billy Goat trail and she didn't let trivia like work or sleep affect her. After working the early Sunday midnight to 6 AM shift, she drove home to Leesburg for an hour's nap then drove 40 miles to Potomac with husband Dick and was raring to go at the 10:30 starting time for the hike. Unfortunately, due to being overly tired, Betty slipped on a rock, fell into the Potomac and drowned. Pity.

(And you thought this column was only funknee. That's my obituary section.)

I just put that in to end with a bit of agonknee.
